### STEERING COMMITTEE

# What Has Been Done

A beautiful plot of 20 acres, located just outside Jeffersonville, Indiana, has been purchased. A plot plan for 20 cottages providing for 120 children has been designed. The first cottage is now under construction. The additional cottages will be built as soon as funds are available.

A campaign goal of \$300,000 has been set. This will provide for three cottages, furnishings, paving, administration and operational costs for three years.

# Thinking Christians Ask "How can I help?"

The strength of any campaign is planned systematic giving. To provide the best opportunity for the greatest participation and the achievement of a maximum goal, a 36 month or 156 week plan of giving has been adopted as a means of sharing in the construction of the home.

No family or individual will be solicited by anyone who has not already made his own generous gift to the building fund. A "chain of solicitation" will be formed. The amount of each pledge should be a personal decision, which individuals should determine in the contemplative quiet of their own homes.

It is hoped that each member solicited will consider these things in making his decision . . . your understanding of the need, your concern for providing a home for homeless children, your relationship with Christ and the need for a home for homeless children.

## Cottages

It is hoped that individuals and congregations can be found who will build a cottage. \$27,500 will build one cottage. Other individuals and congregations can give the \$7,500 needed to furnish a cottage.

The members of the Board of Trustees or the Steering Committee will gladly discuss their plans with those who are interested.

The Following Chart Will Help You Plan Your Weekly Pledge

Weekly	Monthly	Quarterly	Semi-Annually	Annually	Three Year Total
	\$275.00	\$833	\$1,666	\$3,333	\$10,000
	200.00	650	1,300	2,600	7,200
	100.00	300	600	1,200	3,600
\$15.00	65.00	195	390	780	2,340

A new home for homeless children will be constructed beginning in 1967. The campus will be composed of twenty cottages providing homes for over 120 children, when all cottages are built. Three cottages will be constructed as soon as possible. Others will be built as soon as funds permit. If you are interested in receiving information on the home or wish to make any contribution toward this effort, you are invited to address your contribution or your letter to:
